

Idea 1

Movement controlled projection mapping

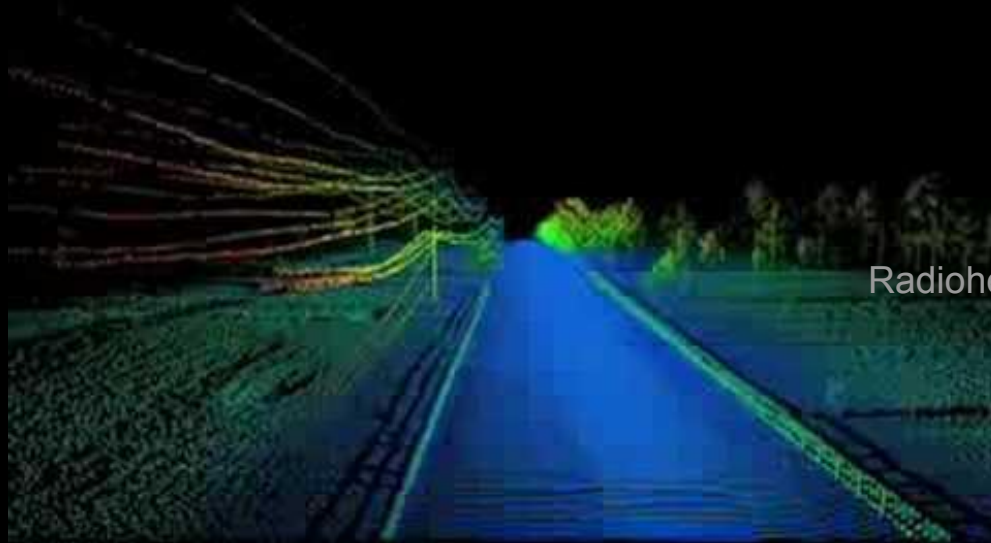

HAKANAI - Adrien M / Claire B

The idea is to create a space through projection mapping and to be able to control this space with movement and performance.

Idea 2

Audio Reactive Visuals

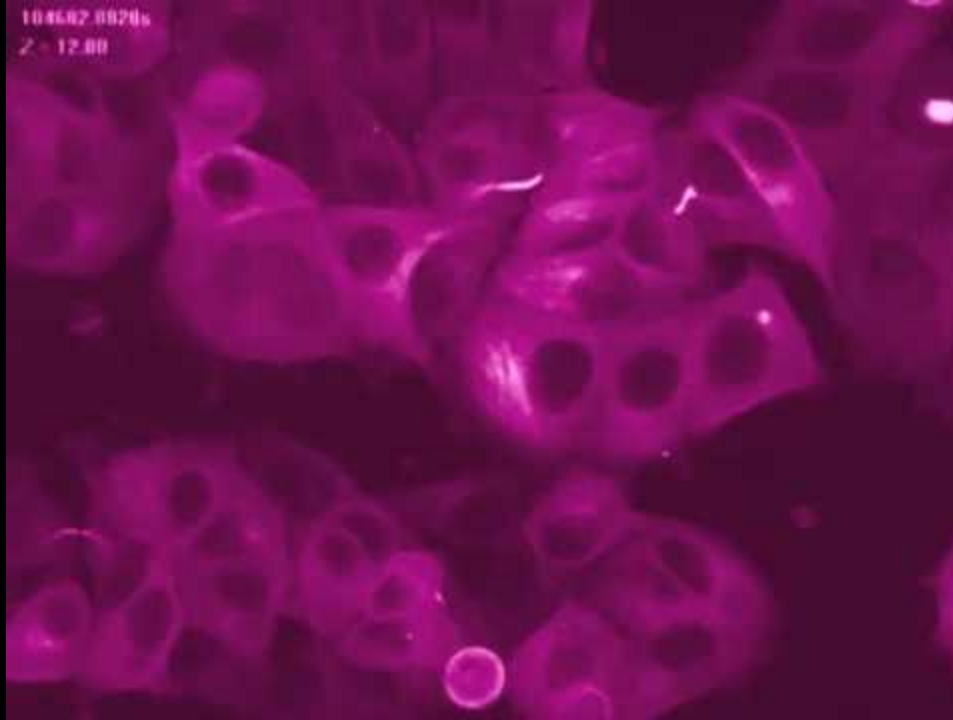

Radiohead - House of Cards

The idea is to create audio reactive visuals while using a webcam or Kinect to create a landscape that reacts to audio.

Idea 3

Virus - Movement and multiplication

The idea is to create this interactive piece of a virus that multiplies every time you touch it.
